

COMPANY PROFILE

Ro Ro Line Ltd. was established in March 2003. Having observed the increased transportation demand of vehicles, heavy equipments, and containers amongst Japan, Korea, Taiwan, Mainland China, and Middle East. RO RO Line invested USD 30 millions in cash in buying 8 multi-purpose RoRo vessels.

Our management is team up with well-experienced people from various fields, such as bulk carrier business, liner business and RoRo business. We highly value customer's trust and commitment, and are dedicated to provide best service to our customers.

Ro Ro Line Ltd. has contracted with TMT Co. Ltd., a well-experienced shipping management company, as the management / operating company. Up to 2006, TMT had gradually expanded its fleets to 45 vessels to strengthen its worldwide service. Currently, TMT service has covered seven continents in the world consisting of Cape-size bulkers, Panamax bulkers, Handy-size bulkers, Cement carriers, Woodchip carriers, OBO, and RoRo vessels.

Ro Ro Line Ltd. understands the importance of customer's needs and trusts. We will keep striving our best to provide efficient and reliable services to the customers.
